

soft Rubamat

100%
Recycled!

Recycled Interlocking Rubber Mat

Applications

- Bakkie mats
- Safety & anti fatigue mat
- Playground surface
- Anti Slip mat for boats & ramps
- Anti vibration mat
- Noise dampening
- Insulation
- Dog Kennels
- Golf course matting

Advantages

- Easy DIY application
- Easy to cut with a sharp Stanley knife
- Prevents Injuries
- Anti Slip
- Absorbs shock and noise
- Resists fungal growth and algae
- Self draining
- Thermally non conductive

Eco Facts

- 100 % Recycled
- Made from used tyres
- 4 mats reduce landfill by equivalent of one tyre

Product Specifications

Dimensions: 485 mm x 485 mm

Weight: 1.9 kg / mat

Designed so that 4 mats cover approximately 1 m²

Thickness: Approximately 14 mm

Made from crumb rubber, derived from the process of granulating rubber tyres & mixed with specially formulated urethane pre-polymer binder.

Instructions and Maintenance

- Soft Rubamat allows liquid to drain through it
- Not recommended in environments where consistently exposed to petroleum solvents and spillages
- Urethane adhesive can be used to bond mats to a surface if necessary
